

**This Rider forms an integral part of the contract to which it is attached.
All requirements and specifications are essential for the smooth-running of the show.**

CONTROL DESK

For the installation of the sound and lighting control boards, the promoter must provide a space of 16 feet wide by 8 feet deep in the center of the hall; no more than 6 feet from the center and not more than 60 feet of the scene. It should be elevated so the technicians have a clear view of the stage, above the audience's heads. In the case where the event takes place outside, the control boards should be enclosed and sheltered under a tent.

STAGE

If the event takes place outside, the stage **MUST** to be covered.

The stage must be equipped with a curtain background and at least 2 pairs of pendrions. It should be of a hard and uniform surface.

Minimum dimensions: 12' width (3,66 meters)
 12' depth (3,66 meters)

DRESSING ROOM / CATERING

At least one dressing room must be provided and must include tables, chairs, towels, running water (hot and cold water) and toilet. The dressing rooms shall be equipped with locks and keys must be returned to the tour manager upon arrival.
